NATIONAL BULK EQUIPMENT
AN NBE COMPANY

Serving Texas, Arkansas, Oklahoma, Louisiana, New Mexico and Northern Mexico

Injection Technology

ARBURG

UBE

UBE MACHINERY INC.

- Arburg ALLROUNDER injection molding machines. Hydraulic, all-electric, hybrid & vertical machines

- UBE Large tonnage injection molding machines. Up to 3900 tons. Two – platen, all-electric

Extrusion Technology

Nordson

Dynisco

- American Kuhne single screw extruders
- Nordson melt pumps & screen changers
- Dynisco pressure transducers, online rheometers & instrumentation
- Novatec downstream pullers, cutters, saws & vacuum tanks

NOVATEC

The Power of Touch
Downstream

Auxiliary Solutions

State-of-the art drying technology. Portable & central dryers, material vacuum conveying systems, & resin blenders

Water temperature control units, portable & central chillers, evaporative cooling towers & hot oil units

Automation for the plastics industry. Sprue pickers, servo robots, side entry robots, co-bots & robots for vertical molding machines

Screw & Barrel Technology

Nordson Xaloy barrels, screws for injection and extrusion. Front end components of non-return valves and nozzle tips

Polymer Testing

- Melt Flow Indicators | Plastometers
- Capillary Rheometers
- Benchtop Extruders
- Online Rheometers

Reclaim/Recycling

- Rapid Central and beside-the-press granulators.
- Republic Machine Shredders for plastics & recycling. Film, fiber, large parts & pipe
- Starlinger Reprocessing plastic scrap, film, fibers & washed post-consumer waste

Other Essential Technologies
