Gammaflux
Global Hot Runner Control Solutions

XALOY

**NATIONAL BULK
EQUIPMENT**
AN NBE COMPANY

Serving Texas, Arkansas, Oklahoma, Louisiana, Mississippi, New Mexico and Northern Mexico

Injection Technology

WINTEC
MEMBER OF THE ENGEL GROUP

- **WINTEC** Servo hydraulic 2-platen injection molding machines. 500 - 2000 tons

ENGEL

- **ENGEL** Injection molding machines, hydraulic, all-electric, hybrid & vertical, sizes from 30-8,000 tons

Extrusion Technology

Nordson

Dynisco

- **Graham Engineering American Kuhne** single screw extruders
- **Nordson** melt pumps & screen changers
- **Dynisco** pressure transducers, online rheometers & instrumentation
- **Novatec** downstream pullers, cutters, saws & vacuum tanks

NOVATEC
The Power of Touch
Downstream

Auxiliary Solutions

State-of-the art drying technology. Portable & central dryers, material vacuum conveying systems, & resin blenders

Water temperature control units, portable & central chillers, evaporative cooling towers & hot oil units

Automation for the plastics industry. Sprue pickers, servo robots, side entry robots, co-bots & robots for vertical molding machines

Blow Molding Technology

Uniloy is a global leader in blow molding technologies offering UR reciprocating screw series, industrial, UAI accumulator head, UCI parison transfer, UCS continuous extrusion shuttle, UIB injection blow molding machines, as well as molds and trim tooling.

Installation Services

Industrial Fabrication Contractors, Inc.

- Turnkey installations
- Process cooling systems
- Vacuum conveying systems
- Custom fabrication

Polymer Testing

- Melt Flow Indicators | Plastometers
- Capillary Rheometers
- Benchtop Extruders
- Online Rheometers

Reclaim/Recycling

- Rapid Central and beside-the-press granulators.
- Republic Machine Shredders for plastics & recycling. Film, fiber, large parts & pipe
- Nordson Ring Pelletizers, screen changers and polymer filters

Other Essential Technologies
